

Corporate Fact Sheet

About Reprints Desk

Reprints Desk, Inc., a wholly owned subsidiary of Research Solutions, is simplifying the way research is traditionally done by making personalized access to **full-text scientific literature and intelligent data insights** time- and cost effective. The company's award-winning article delivery solution, powered by an ecosystem of app-like gadgets, coupled with unparalleled, 24/7 customer support, makes Reprints Desk the first choice of R&D organizations worldwide for one-click access to journal articles, patents and other content in scientific, technical and medical (STM) research.

About Research Solutions

Research Solutions, Inc. (OTCQB: RSSS), Reprints Desk' parent company, is a pioneer in cloud-based research intelligence and retrieval solutions for R&D-driven organizations. We help our customers create and speed discoveries, save time and money, and remain copyright-compliant.

Products & Services

Reprints Desk offers and supports **Article Galaxy**, a Software-as-a-Service (SaaS) research platform, Article Galaxy add-on **Bibliogo** for literature management, and 24/7 Library Helpdesk Services. Article Galaxy provides research-driven organizations and their knowledge workers – from students and professors to scientists, engineers and others – with on-demand access to full-text content and scientific data insights to fuel tomorrow's intellectual property and breakthrough innovations.
